

Highest Standards

With the Drag King™ is ideal for small to medium size fields. It grooms the field without weights and quickly drags base lines and infields to a smooth, ready-to-play condition.

Easy to use – Just attach it to your standard lawn or garden tractor and you are ready to start grooming your infield.

Versatile – Want to add more weight? The rails are designed to hold cement blocks for added weight.

Tough – American Made using all welded steel construction and quality components.

Deluxe (w/Scarifier)

Product Overview

The Drag King™ infield groomer combines the grooming capabilities of conventional hand pulled mats with the field conditioning capabilities of the tractor pulled units costing thousands of dollars more. Scarify your soil, remove rocks and debris and smooth your fields with this multipurpose groomer.
