

Product Benefits

Easy Clean UP — On-board 2.5 gallon purge tank lets you clean spray gun and hose in the field. In-line filter keeps you running without clogs.

Convenience and Comfort — The two position high back seat with operator controls for ignition, throttle and parking brake and a cup/cell phone holder, keeps everything within arms reach. Seat-based foot pedals control forward/reverse, speed, spray gun activation, steering column lock, and lifting or lowering the spray head.

Efficiency— Save time and money. The 25 gallon paint tank enables for coverage of 5 soccer fields or 2.5 football field on a single tank. The 3000 PSI high-pressure airless pump atomizes paint into a fine mist. This enhances paint coverage efficiency by 30% when compared to lower pressure machines. Provides for a 450 linear feet per gallon coverage when spraying a 4" wide line.

Product Overview

The **NewRider™ 1700 Airless Riding Field Striper** is the most economically priced athletic field riding striper available.

Best Ride-on Athletic Striper Available

Like the larger NewRider 5000™, the NewRider 1700™ has been designed with many features that make striping athletic fields as easy and efficient as possible.

With its compact, 25-gallon design, the NewRider 1700 saves money while maintaining the professional level of line quality that the NewRider™ striping line has become known for.

Specifications

Item Name	NewRider™ 1700 Airless Riding Field Line Striper
Item Number	10004026
Application	Athletic Fields
Power Source	Engine, 10.5 HP Briggs & Stratton
Pump Detail	Newstripe: Airless, .44 gpm, adjustable 0-3000 psi
Paint Capacity	25-gallon tank
Dimensions	50" H x 43" W x 96" L
Warranty	36 Months
Shipping weight	750 lbs
Features	Variable 0-6 mph transaxle with dynamic braking, adjustable tilt steering wheel, direct chain and sprocket steering , integrated purge tank, and all welded steel construction.

Increase efficiency and reduce paint and labor costs.

With the NewRider™ 1700 Athletic Field Riding Striper

Product Features

Easy Clean up: An on-board 2.5 gallon purge tank lets you clean the spray gun and hose right in the field. The in-line filter keeps you running without clogs.

25 Gallon Tank: The large 25 gallon tank allows for more time painting and less time refilling your supply. A single tank provides enough coverage to paint up to 5 soccer fields or 2.5 football fields.

Paint Efficiency: SAVE 30% ON PAINT COSTS. The NewRider's 3000 PSI, high-pressure airless pump atomizes paint more efficiently than other lower pressure stripers. This allows for nearly 30% more coverage per gallon of paint at 450 linear feet per gallon. This makes the NewRider stripers the most efficient ride-on athletic field stripers available.

Floating Spray Head: The floating spray head allows for even lines on even the most bumpy of fields. Equipped with a pneumatic wheel that leads the spray gun, the floating head keeps a consistent spray pattern over any dips and bumps that a field may have.
