

### Product Benefits

Get heavier and brighter lines than with aerosol paints – and no empty aerosol cans to dispose of.

Lightweight but, built to last. Strong steel chassis and axles, two-piece tubular handle and a rugged poly tank backed by an 18-Month Warranty.

Adjustable nozzle that can spray 2”-6” wide lines with removable in-line gun

Four, large 10” diameter flat free wheels allow easy movement over rough

terrain – and you never have to worry about flat tires again.

The hand pump can build pressures to 35 psi. Select the optional Co2 tank to eliminate pumping.

### Product Overview

The Newstripe **FieldLiner 3™** sets a new standard for economical field marking that uses cost-effective bulk paint. It is ideal for those that want to improve the quality of their lines and save money.

### Economical and Built to Last

The **FieldLiner 3™** hand pump line striping machine features:

1. Three gallon tank is easy to clean – simply tip the machine over the front wheels onto the handle and you can flush out the tank. The tank includes a wide opening for easy filling, a pressure gauge and safety relief valve.
2. Folding loop handle for easy transport with adjustable handle height and foam grips.
3. Optional CO2 Power Pack eliminates hand pumping and can stripe over five miles of line.

Shipping weight	40 lbs
Features	Folding, two-height adjustable, tubular handle with cushioned grips. 10” flat free wheels and all welded steel construction. Optional CO2 power pack available to eliminate pumping.

## Economical Field Painting

With the FieldLiner 3

## Product Features

**Easy to Fill and Clean** The three gallon tank is easy to clean – simply tip the machine over the front wheels onto the handle and you can flush out the tank. The tank has a wide opening for easy filling, pressure gauge and safety relief valve.

**Convenient** The hand pump on the FieldLiner 3™ can build pressures up to 35 psi. Select the optional Co2 power pack (item#10004869) to eliminate pumping and mark over 5 miles of 4" wide lines with each filling. Plus the full loop handle adjust to two different height positions for comfort and folds to fit easily into car trunk or SUV.

**Removable Spray Gun** The **FieldLiner 3™** removable in line gun sprays 2" - 6" wide lines with a five hose for painting stencils and hard to reach areas. There is an in gun cleanable strainer for easy cleaning.

**Flat Free Wheels** Four, large 10" diameter flat free wheels allow easy movement over rough terrain – and you never have to worry about flat tires again!
