

## EcoLiner™ SP Self-Propelled Field Striping Machine 10004621

### Benefits

#### Easy Clean Up

Just place a standard 5-gallon pail of premixed paint on the machine and you are ready to paint your field. When the job is done, just remove the pail, reseal it for future use, pump a little clear water through the system, and you are all set for your next striping job.

#### No Pushing

The EcoLiner SP simple friction drive pulls the striper over uneven surfaces and up inclines making it the perfect paint striping machine for rough fields.

#### Built to Last

This innovative machine is Proudly Made in the USA with all welded steel construction and high quality components to provide you with years of trouble-free service.

### Overview

The **EcoLiner™ SP Self Propelled Field Striping Machine** has all the great features of the EcoLiner LT, plus it is self-propelled. Allowing you to get more done with less work. This innovative machine outperforms many competitive striping machines costing hundreds of dollars more.

<b>Includes</b>	Airless spray gun with reversible tip, 2"-6" adjustable line width, 12' hose, 5 gallon pail, four 10" pneumatic tires.

# EcoLiner™ SP Self Propelled Field Striping Machine

## 10004621

### Product Features

#### Paint Fields in Half the Time

The efficient spray nozzle design paints high-quality lines the first time, eliminating the need for tedious touchup and repainting of lines for increased visibility. Plus, the detachable spray gun with 12' hose makes it easy to paint stencils, corner arcs, and hard to reach areas.

#### No More Pushing

The EcoLiner SP features an easy to use variable speed friction drive system allowing for reduced operator fatigue, increased control, and effortless striping of uneven surfaces. Combined with four 10" diameter pneumatic wheels, it easily moves over rough terrain.

#### No More Clogged Filters

The EcoLiner SP features a large replaceable foot filter on the intake hose. Cleaning the filter takes less than 30 seconds. The recirculating pump keeps the paint continuously mixed with no settling. You no longer need to stop and stir your paint while working.

#### Easy Clean Up

The optional left and right 1-gallon cleaning tanks let you clean your spray gun and hoses without leaving the field. Quickly and easily attach these cleaning tanks to the side of your machine. You can also utilize one of your cleaning tanks for a secondary paint color if needed.
