

NewLiner™ 25lb Dry Line Marker

10001300

Benefits

Rugged Construction

Galvanized steel chalk container prevents rusting and sturdy 1/2" axles and drive shafts deliver strength for years of trouble-free service. Don't be fooled by cheap offshore imitators.

Easy to Use

Precision control for 2" or 4" lines. Oversized foam rubber hand grips for increased operator comfort and foldable handlebars for easy transportation.

Lightweight, Efficient Design

8" semi-pneumatic wheels help produce straighter lines and ergonomic design reduces operator fatigue.

Built to Last

Proudly Made in the USA at our Aurora, Colorado factory and backed by an 18-month warranty.
