

NewLiner™ Heavy Duty 100lb Dry Line Marker

10001745

Benefits

Heavy Duty Construction

Dual welded structural steel handles and chassis. Galvanized steel chalk container prevents rusting and sturdy 1/2" axles and drive shafts deliver strength for years of trouble-free service. Don't be fooled by cheap offshore imitators.

Easy to Use

Precision control for 2" or 4" lines. Oversized foam rubber hand grips for increased operator comfort and site window to allow view of layout string and chalk dispensing.

Rugged Design

Four large 10" Flat Free wheels make it easy to push even over rocks and rough terrain. Ergonomic design reduces operator fatigue through long workdays.

Built to Last

Proudly Made in the USA at our Aurora, Colorado factory and backed by an 36-month warranty.

Overview

Our **NewLiner™ Heavy Duty 100lb Dry Line Marker** is one of the most durable, field-tested dry line markers available. These heavy-duty liners are made with extremely strong construction to provide years of dependable and trouble-free service. Perfect for lining baseball infields, athletic fields, running tracks, cross country courses, and special events.

- 4-wheel design with heavy duty construction.
- Unique "Site Window" allows view of layout string and chalk dispensing.
- Control lever and rod along with six-blade paddle deliver consistent and crisp 2" or 4" wide chalk lines.
- Galvanized steel chalk container holds 100 lbs of material and mitigates rust.
- Proudly Made in the USA with 36-month warranty.
