

RollMaster™ 5000 Battery Powered Line Painting Machine

10003068

Benefits

Lower Paint Costs

Save hundreds of dollars by forgoing the need for costly, clog prone, and toxic aerosol paint cans.

Use Standard Paint

The RollMaster 5000 machine uses economical 5-gallon pails of bulk water-based paint. You can also use environmentally-safe latex and low VOC paints. Little or no thinning is required.

Easy Clean Up

Clean up is quick and easy. Simply rinse the roller mandrel and paint delivery tubes. The inexpensive roller covers can be cleaned or disposed after each use.

Quick & Efficient

No engine noise, compressor sounds, or harmful fumes. Stripe anytime day or night in near silence. Plus, there is no overspray so you can stripe close to cars, walls, or other obstacles.

Overview

The **RollMaster™ 5000 Battery Powered Line Painting Machine** is perfect for marking large parking lots, factory floors, or warehouse aisles. With this versatile machine, you can quickly stripe up to 2,000 line feet with one 5-gallon pail of paint.

- Simple & easy to handle so you can stripe like a pro on your first time out.
- Low pressure, battery powered peristaltic pump sends paint directly from a standard 5-gallon paint pail to the roller.
- Built-in battery charger allows 24 hours of striping per charge.
- Works with 4", 3", and 2" wide rollers.

Product Features

<p>Easy to Use</p>		<p>Operating your RollMaster 5000 machine is so simple that you can do a great job stripping your first time out. The fool-proof pump delivers paint from a standard 5-gallon pail of paint directly to the foam roller.</p>
<p>Consistent Lines</p>		<p>With lines up to 5 times thicker than aerosol paint and without overspray, the RollMaster 5000 can stripe even in food warehouse where gas machines cannot be used. It can also paint between cars without fear of overspray. The paint rollers ensure a crisp, clean line of paint with high visibility and durability.</p>
<p>Simple Operation</p>		<p>Electrical single button switch allows for easy control of paint flow and carrier level lets user raise and lower the painting roller to move from line to line or to paint dashed lines.</p>
<p>Pump Never Touches Paint</p>		<p>The RollMaster's peristaltic roller pump never touches your paint meaning no clogs and produces no fumes so you can use this versatile machine anywhere, including food warehouses.</p>
