

# RollMaster™ 1000 Line Painting Machine

## 10003856

### Benefits

#### Lower Paint Costs

Save hundreds of dollars by forgoing the need for costly, clog prone, and toxic aerosol paint cans.

#### Use Standard Paint Cans

The RollMaster 1000 uses a standard 1-gallon can of water-based paint. You can also use environmentally-safe latex and low VOC paints.

#### Easy Clean Up

Clean up is quick and easy. Simply rinse the roller mandrel and paint delivery tubes. The inexpensive roller covers can be cleaned or disposed after each use.

#### Quick & Efficient

No engine noise, compressor sounds, or harmful fumes. Stripe anytime day or night in near silence. Plus, there is no overspray so you can stripe close to cars, walls, or other obstacles.

### Overview

The **RollMaster™ 1000 Line Painting Machine** is perfect for marking parking lots, factory floors, or warehouse aisles. With this versatile machine, you can quickly stripe up to 400 line feet with a single gallon of paint.

- Simple & easy to handle so you can stripe like a pro on your first time out.
- Low pressure roller-driven peristaltic pump sends paint directly from a standard 1-gallon paint can to the roller.
- Works with 4", 3", and 2" wide rollers.
- Foldable handle allows for easy transport and storage.

## Product Features

<p><b>Easy to Use</b></p>		<p>Operating your RollMaster 1000 machine is so simple that you can do a great job striping your first time out. The fool-proof pump delivers paint from a standard paint can directly to the foam roller. It is light weight at 30 lbs and easy to handle.</p>
<p><b>Pump Never Touches Paint</b></p>		<p>The RollMaster's peristaltic roller pump never touches the paint, so clogs are never a problem. In addition, this machine has no engine and therefore produces no fumes. You can use this versatile machine anywhere, including food warehouses.</p>
<p><b>Consistent Lines</b></p>		<p>Maintain straight, consistent, and perfect lines every time with the simple hand trigger that provides user control and precise paint flow. You can stripe different line widths with the 4" rollers (included), 3" rollers, and 2" rollers (purchased separately).</p>
<p><b>Compact Design with Foldable Handle</b></p>		<p>The folding handle makes it easy to transport your RollMaster 1000 between locations. Its compact design will easily fit into most vehicles and storing the unit is breeze.</p>
