

EcoLiner™ LT Field Striping Machine

10005159

Benefits

Lightweight Design

At only 82 lbs, the EcoLiner LT is extremely easy to push across athletic fields that would normally require a more expensive self-propelled machine. One person can load or unload this machine which eliminates the need and expense of additional helpers.

Easy Operation & Clean Up

Just place a standard 5-gallon pail of premixed athletic paint on the machine and you are ready to stripe your field. When the job is done, just remove the pail, reseal it for future use, pump a little clear water through the system, and you'll be ready for the next job.

Built to Last

Proudly Made in the USA with all welded steel construction and quality components to provide years of trouble-free service.

Propulsion	Walk Behind
Engine	Briggs & Stratton 550EX
Paint Capacity	5 Gallon
Wheels	10" Flat Free, four-wheel design
Origin	Proudly Made in the USA
Warranty	24 Months
Weight	82 lbs
Ship Weight	125 lbs
Ship Dimensions	37" L x 24" W x 28" H
Includes	Detachable spray gun with 2"-6" adjustable widths, 12' extension hose & 5-gallon pail

EcoLiner™ LT Field Striping Machine

10005159

Product Features

<p>Paint Fields in Half the Time</p>		<p>The efficient spray nozzle design paints high-quality 2" - 6" wide lines the first time, eliminating the need for tedious touchup and repainting of lines for increased visibility. Plus, the detachable spray gun with 12-foot extension hose make it easy to paint stencils, corner arcs, and hard to reach areas.</p>
<p>Lightweight Design</p>		<p>While made using durable components, the EcoLiner LT is engineered with weight savings in mind and as an alternative to more expensive self-propelled machines. Its light weight allows for much easier pushing over athletic fields and easy one-person loading and unloading when striping multiple locations.</p>
<p>No Clogged Filters</p>		<p>The EcoLiner LT features a large replaceable foot filter on the intake hose and cleaning this filter takes less than 30 seconds. In addition, the recirculating pump keeps your paint continually mixed with no settling, so you no longer have to stop in the middle of the job to stir your paint.</p>
<p>Hassle-Free Clean Up</p>		<p>The optional left-side and right-side 1-gallon tanks let you clean your spray gun and hoses without having to leave the field and can also be used to work with a secondary color. These 1-gallon tanks quickly and easily attach to the EcoLiner LT to expand its capabilities.</p>
