

HashMark Paint & Go™

10004850

Benefits

Save Time & Money

Eliminate the need for a two or three-person crew as one person can do the same work at a fraction of the time and cost.

Convenient

HashMark Paint & Go stencil mounts to the rear of most Newstripe walk-behind striper so you can seamlessly paint your field and hash lines with ease. Plus, it uses your striper's detachable spray gun, so there is no need for additional accessories.

Versatile

This versatile attachment works with both high pressure and low pressure striping machines.

Overview

The **HashMark Paint & Go™** attachment is a fast, inexpensive, and easy way to paint your football field hash marks. This unique flip-down stencil attaches to your striper and eliminates the need to drag paint-soaked stencils around the field.

- Just flip the stencil down & spray your hash mark using your striper's detachable spray gun.
- Convenient measuring rod helps you create the proper space between hash marks.
- Your Paint & Go can be flipped up and stowed when not in use.
