

# PolyTough™ Stencils with Lifetime Warranty

## Benefits

### Lifetime Warranty

We stand behind all of our 1/8" PolyTough Stencils and each stencil comes with a Lifetime Warranty.

### Proprietary Plastic Formula

Newstripe worked closely with our plastic manufacturer to develop a proprietary plastic formula that delivers the perfect combination of durability, flexibility, and performance. We call it "PolyTough Plastic."

### Precision Cut

Our high-speed CNC Router Table is computer driven and leverages CADD design technology to cut our stencils down to 1/1000th of an inch. This ensures precision dimensions and crisp, clean lines.

### Proudly Made in the USA

Every one of our PolyTough stencils is proudly made in the USA at our Aurora, Colorado factory.

## Overview

Newstripe's 1/8" PolyTough™ Parking Lot, Athletic Field, Playground, and Custom Stencils are in a league by themselves. They are cut from a proprietary formulated plastic blend that delivers the perfect balance of durability, flexibility, and performance.
