

LineRider™ Lite UTV Mounted Airless Line Striper 10005243

Benefits

Fast

LineRider Lite can stripe up to 8 mph, which is 3X faster than most walk-behind stripers, and the pivot wheel guiding the spray gun delivers great control at different speeds.

Versatile

This innovative striper accommodates all types of bulk athletic paint (thick, thinned, or temporary) so you can select the right application for the job.

Efficient

10-gallon paint capacity using two 5-gallon buckets allows you to stripe multiple fields before refilling.

Built to Last

Made in the USA with all welded steel construction and quality components for years of trouble-free service. It's also backed by a 36 month warranty.

Overview

The **LineRider™ Lite UTV Mounted Airless Line Striper** is our lightest and most budget-friendly model in the LineRider suite of athletic field stripers. It's 10-gallon paint capacity makes it perfect for lower volume users with only a few fields to stripe. Easily slide it into your current UTV's bed and let it do the work for you.

- Fits most popular UTVs (John Deere, Kubota, Ranger & others).
- Stripes up to 8 mph, 3X faster than most walk-behind stripers.
- 10-gallon paint capacity using two 5-gallon buckets and adjustable airless pump (0-3000 psi) for precision line striping.
- Easy to install or remove in less than 10 minutes.
- Proudly Made in the USA and Free Shipping is available.

LineRider™ Lite UTV Mounted Airless Line Striper

10005243

Product Features

Versatile		<p>The LineRider Lite fits conveniently into most popular UTVs on the market from John Deere, Kubota, Ranger & others. It also accommodates all types of athletic paint, whether it's thick, thinned or temporary. Just choose the athletic paint that works best for your job and your LineRider Lite will spray it with precision.</p>
10-Gallon Paint Capacity		<p>Using the two provided 5-gallon paint buckets, this streamlined striper lets you paint multiple fields before refilling. Plus, it's easy to refill by swapping in a new paint bucket or using the handy buckets included with the machine.</p>
Paint Efficiency		<p>LineRider Lite's 3000 psi, high pressure airless pump atomizes paint more efficiently than lower pressure stripers. This allows for nearly 30% more coverage per gallon of paint and makes LineRider Lite one of the most efficient ride-on athletic field stripers on the market.</p>
Easy to Install and Remove		<p>Your LineRider Lite quickly slides into the bed of a standard UTV. Complete installation and setup takes less than 10 minutes and can be easily handled by just two people because of its light weight (148 lbs). When you need your UTV for other maintenance jobs, removing your LineRider is just as simple.</p>
