

## BigSqueeze™ Can & Pail Crusher 10001655

### Benefits

#### Convenient

BigSqueeze is powered by standard shop air so there is no need for additional compressors.

#### Safe

The unit will automatically stop functioning if the door is opened during operation, preventing potential injury to the operator.

#### Fast & Efficient

BigSqueeze can crush a one-gallon can in less than 30 seconds and five-gallon pails in less than a minute.

#### Versatile

In addition to cans and pails, BigSqueeze can crush light truck and automotive filters. A typical 7" oil filter can be crushed to 1.5" in under 30 seconds.

### Overview

Newstripe's **BigSqueeze™ Can & Pail Crusher** uses standard shop air to crush your cans, pails, and filters down to a third of their original size. Not only do you save money by reducing your overall waste volume, your crushed containers can now be recycled or reclaimed for scrap.

- Delivers 11,000 lbs compaction force with standard air supply.
- Automatically crushes and then retracts to compress a one-gallon can in less than 30 seconds.
- Excess fluids simultaneously drain into a separate container so you can easily dispose of liquid waste.
- Comes with sturdy metal stand (36" H) that can be mounted to the floor or unit can be mounted on a shop table.
- Proudly Made in the USA and Free Shipping is available.
